Projects

Amazon Clone Project :

Developed a responsive Amazon clone using HTML and CSS, replicating the homepage layout and design. Implemented structured navigation, product sections, banners, and a user-friendly interface. Focused on pixel-perfect design, responsiveness, and modern UI/UX principles to enhance the shopping experience.

Nike Store Web Page Project :

Designed and developed a dynamic Nike Store web page using HTML, CSS, and JavaScript. Implemented an interactive UI with responsive design, smooth animations, and product showcases. Integrated JavaScript for dynamic elements like image sliders and interactive buttons, enhancing user experience.
